ABOUT NATIONAL ADAPTATION PLAN GLOBAL SUPPORT PROGRAMME (NAP-GSP)

PARTNERSHIP – UNDP, UNEP, The GEF Secretariat, UNFCCC, WHO, Global Water Partnership, FAO, IFAD, UNISDR and UNITAR to assist LDCs with NAPs.

ON DEMAND SUPPORT – in response to requests for support from LDCs - to achieve medium- to long-term planning for adaptation that is fully integrated into relevant policy and planning processes.

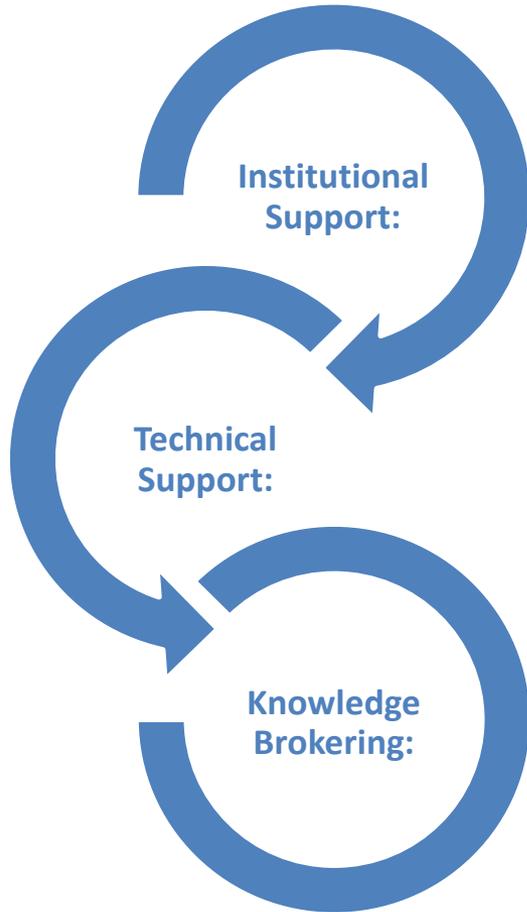

TECHNICAL ASSISTANCE – advisory support, targeted training, promoting dialogue, partnership building, and supporting knowledge exchange, among national stakeholders in LDCs and other countries.

LEVERAGE FINANCE – support for identification, financing and implementation of adaptation measures by LDCs at national, sub-national and local levels to ensure sustainability of institutional country-driven efforts.

BROKER KNOWLEDGE – promoting the best available science, experiences and good practices to achieve the integration of climate change risks/opportunities into existing development plans and budgets.

NAP-GSP is not providing allocations of financial resources to countries, nor implementing NAP activities

OVERVIEW OF NAP-GSP ACTIVITIES (LDCF Council Approved Project Document)

• IN-COUNTRY INSTITUTIONAL SUPPORT

- Support to developing NAP preparation strategies (“roadmaps”)
- Support for stock-taking of existing initiatives and gap analysis
- Support for identification of entry points in existing planning processes
- Capacity assessments of institutional gaps for long-term adaptation planning

• TECHNICAL SUPPORT AND REGIONAL TRAININGS

- Promotion of NAP technical guidance, tools and methods
- Regional Training Workshops to support LDCs to advance NAPs – participation of LDCs in each region: Asia / Africa / Pacific → Knowledge sharing clinics
- Mobilization of **technical experts to deliver training** on planning skills in the context of adaptation

• KNOWLEDGE BROKERING AND PARTNERSHIPS TO SUPPORT ADVANCEMENT OF NAPs

- South / South **global dialogue and knowledge exchange**
- Outreach and dissemination of lessons and best practices
- Enhancement of practitioners’ networks
- Support for peer-to-peer learning

NAP-GSP MODEL FOR CAPACITY DEVELOPMENT

Builds on
other
related
support to
countries

- Green low-emissions, climate-resilient development strategies
- Building on National communications and NAPA lessons learned

18 February 2014

Assisting LDCs to mainstream climate change risks and opportunities into national and sectoral planning processes

On the closing day of the 10th annual National Adaptation Plan (NAP) process, participants from 18 Least Developed Countries (LDCs) gathered in Addis Ababa, Ethiopia, to discuss the progress of the NAP process and the challenges ahead. The NAP process is a key element of the UNFCCC's Doha Work Programme on Adaptation (DWA) and is designed to help LDCs develop and implement national adaptation plans (NAPs) that are consistent with their national development strategies and the Sustainable Development Goals (SDGs).

Key highlights from the event:

Video interviews with LDC representatives

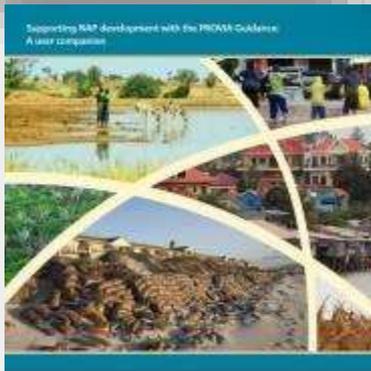

In the video interviews, LDC representatives shared their experiences and insights on the NAP process. They discussed the challenges they face in developing and implementing NAPs, as well as the support they receive from the NAP-GSP. The interviews provide a valuable perspective on the NAP process from the ground level.

Key highlights from the video interviews:

- **Challenges in developing NAPs**
- **Support from the NAP-GSP**
- **Key lessons learned**
- **Next steps for the NAP process**
